

2E ELIZABETH UNDERWOOD

2E. Elizabeth Underwood, b. ca 1760; d.

m. George Underwood ¹

He was reported to be a cousin. This couple is said to have gone to Greenville District of South Carolina when it was opened for settlement.

It should be noted that birth dates are missing for many of this generation. We list this group of siblings in the order as they are found in the will of the father, following an assumption that the order of age was used in that document since no other explanation for the order used is apparent such as all boys listed first then girls, etc.
